Españolé International House is located in the very centre of wonderful Valencia, a seaside city with many centuries of rich history. This is where a huge part of Spanish gastronomy has its origins, where history meets modernism and traditional festivals are still alive.

Multicultural Valencia receives thousands of foreign students annually in its universities. Universidad de Valencia and Universidad Politécnica are among the best universities in the world along with other Spanish universities such as Universidad Autónoma de Madrid, Universidad de Barcelona and Universidad de Navarra.

For many years we have been preparing international students to enter into Spanish universities, 100% of these students successfully passed their exams and now study in universities all over Spain.

We work in conjunction with Universidad Europea.

Preparation for university

This course is designed for foreign students who wish to complete a university degree in Spain. To achieve this, they must first pass an entry exam.

The preparation courses to access university are tailored to each individual student; it is a fast and easy way to improve and prepare for the exam and it doesn't matter what your level or capabilities are.

Who is this course for?

Students from foreign educational systems (with which Spain has reciprocal agreements making their qualifications compatible), who have completed upper secondary school up to the Spanish Bachillerato level (pre-university course) in their countries.

What is the exam?

The university entrance exams evaluate the academic maturity of students and check that they have acquired the necessary knowledge of upper-secondary education (Spanish Bachillerato). When passing the exams, students can access higher education in Spain. The exams are held in May/June.

My pathway to university

STEP 1 Improve your Spanish

Before starting your preparation for the university entrance exam (PCE), you should reach a B1 level of Spanish. To improve quickly you can join our Intensive courses of 20 or 25 lessons per week. From total beginner it will take around 16 weeks to reach a B1 level.

Our Intensive Spanish courses will help you not only to prepare to access university but also for

your new life in Spain. You will become immersed in Spanish language and culture, learn how people use the language in real life, how they speak to each other in the street and how they socialise.

You will develop skills that you can immediately practice outside the classroom.

STEP 2 Prepare for the university entrance exam

Once you have a good command of Spanish you're ready to start preparing the different subjects for the entrance exam (PCE). You should choose the subjects from the table below. They can be between 2 and 6, we recommend that you take at least 4 and we will help you choose depending on the studies you would like to take and the university you want to access, as they are valued in a different way.

Before starting the preparation course, we will test your general knowledge of the different subjects,

this way we can start working at the level which is best for you.

The course is prepared especially for your individual needs, with your own programme. Your personal tutor will explain the contents and you can discuss your objectives together, your teachers will motivate you daily, using evaluations. These evaluations will allow us to focus on areas where you need extra help.

STEP 3 Get your qualification and select your university

The average between the grades from upper-secondary education (60%) and the grade achieved in the university entrance exam (PCE) (40%) will give you your final mark: the higher the grade the more options you will have to select the degree and university.

The maximum mark for accessing to university in Spain is 14 points. A pass is considered from 5

points. Depending on the university and studies, the grade to access (base grade) can range between 5 and 13,8. This grade changes every year depending on the number of places offered.

Once you get the mark you can apply up to 5 different universities.

STEP 4 Welcome to the Spanish university life!

At the end of July you will know where you have been accepted and can start preparing for your new life!

Enrolment

To enrol/start on the course we need the following documentation:

1. Completed enrolment form
2. Photocopy of your valid passport or NIE (I.D. letter for foreigners).
3. Official academic certificates, which show the subjects and corresponding grades, from upper secondary studies or at an equivalent level, certified by the school where you completed your studies or by the Spanish Consulate.
4. An officially confirmed B1 level in Spanish, as requested by the Common European Framework of Reference for languages. It is possible to do an intensive language course in Spanish before the university preparation course starts.
5. Documentation should be correctly translated by:
 - An authorised or registered translator in Spain, or
 - Any diplomatic representation or Spanish consulate abroad, or
 - Any diplomatic or consulate representation in Spain (from your country of origin or where your document was originally conceived).

Important: All the documentation must be apostilled in student's original country and then translated.
