The School

A modern school steeped in rich history

Our beautiful school is located in the historical Palacio de los Fernández de Córdoba building deep in the heart of Valencia's old town surrounded by history and culture.

We have carefully renovated the stunning 153-year-old property to our own vision of a 21st century language school that compliments history with modernism.

The school is placed just where the 11th century Arab city walls were standing and still a big part of them have remained inside the building penetrating through the school and getting inside the classrooms, creating an atmosphere of history and mystery.

International and friendly atmosphere

About us

Our 2100-square-metre building has 28 classrooms with interactive whiteboards, a student café with reading area, two patios with fruit trees and a roof garden to enjoy the beautiful Valencian weather all year round.

Españolé is situated on one of the main streets of Valencia Old Town, in the district of El Carmen. A tangled web of narrow streets, alleys and plazas packed with terraces, El Carmen has become Valencia's most famous and fascinating neighborhood.

Our group courses

We offer fully customisable courses to suit the individual needs and requirements for all types of schools and students. You can tailor-make your trip depending on your students' needs, interests, desired learning outcomes ages and programme lengths.

We aim to provide time-effective language learning solutions for school groups while enjoying a rich cultural experience in Spain. We have been providing courses for many schools over the last 12 years with many of them returning year after year.

You can simply send us the requirements for your group needs and we will pull together a schedule full of fun lessons with activities packed with linguistic value. We will take care of every aspect of your stay from the lessons to the transfers and everything in-between.

We cater for groups of any size from 8 students upwards and the minimum age is 10 years old. Normally our groups come for between 1 – 4 weeks but the length of stay totally depends on your needs and budget.

We can customise the programme as much as you want and will do our best to make it work for you!

The Spanish course

Closed groups

Classes are normally organised in single nationality classes and the content can be adapted to the student's needs or for exam preparation.

Before coming, teachers or group organisers can let us know the areas in which the students need to improve or which skills are more important for them so that we can arrange the class programme together.

We can also level test the students and determine the best academic programme for them depending on their knowledge and interests.

International classes

Students of 16 or older can also be mixed in the international groups in different classes depending on their levels.

Students usually take 20 lessons per week although we can arrange more or less lessons depending on the group needs and the time available.

Lessons are fun and interactive with a high level of student involvement

Practical language learning

A well-structured language programme

Workshops and company visits can be included in the programme

Group leaders

We know that group leaders do a great job and have a big responsibility when arranging a group programme. We want them to feel good and we are always available to help them.

We will provide free accommodation in host families, private apartments or hotels (number of free group leaders depending on the number of students). Group leaders can also attend free group lessons at the same time that their students are in class.

Accommodation

Group accommodation is provided with carefully selected Spanish host families or in university halls of residence.

Students normally have double or triple rooms (single rooms can be arranged in request) with ensuite or shared bathroom and meal plan depending on requirements.

Host family

Ideal for students who wish to immerse themselves as much as possible in the Spanish culture where students will enjoy a family atmosphere with only Spanish spoken. They are normally accommodated in double rooms with breakfast and dinner or full board.

Student residences

They are a great option for younger students, we have different types of residences: city centre, university campus and close to the beach.

They all have plenty of facilities for students and it's possible to organise lessons in the residences for those who want more of a contained, campus style feel.

A cultural approach

The cultural activities and excursions are an essential part of the learning experience. Group organizers can choose from a wide range of cultural visits and group-based afternoon and evening activities to provide a well rounded and varied trip for their students.
